President's Message

Finally the heat wave is over and we only have to deal with 80 degree temperatures for a week or so. I heard that shows and cruise nights were being cancelled because of the heat. Such is the season.

As many of you know, I am selling my '73 convertible. Although I still have my daily driver '05 GT, I will probably be looking for another Mustang. I knew that the '73 was not going to fit in my garage when I bought it, the '05 doesn't even fit, but I was able to use the garage at my sister's house. Although it is only about a ten minute ride to get it, it did prevent me from using it as much as I was hoping. Therefore I will be putting garageability high on the wish list for my next Mustang.

Of course having a garage and being able to get a car in it are sometimes two different things. A big empty space is rarely left that way for long, especially when you have a relatively small house. So, during the heat wave, I decided to make room for my next Mustang. I tend to accumulate things that I think I might have a use for in the future but sometimes that day never comes (until you get rid of it).

I decided to work on one side at a time and made a decent amount of progress in one weekend. Some of you may remember the days before the club had a trailer. Do you also remember that everything was kept in my garage in those days, along with my '95 GT? With the purchase of the trailer I was able to move out the tables, cones, catalogs, bags and everything else we needed for our shows. Almost all of it, and then there is the stuff I have accumulated since. It's kinda like the GSRMC museum in there.

Sometime soon, I'll be looking to get rid of some of that stuff, so be on the lookout. Our All-Ford show next year should be a great opportunity since it is mostly Ford-related. People tend to give me stuff over the years and I try to hold onto it until the right person comes along. Well I'm getting tired of waiting, so I am just going to offer it to whomever wants it. For instance, a while back,

a former member had given me a box(es) of early Fox-body Mustang parts and a new, in-the-box door skin. I really don't want to hold onto that stuff anymore. Any takers?

Anyway, back to club business. Our fall show, Autoberfest, is only about six or so weeks away. The flyers are printed and are available at meetings or by contacting me. It will take place on October 2nd at Nielsen Dodge in East Hanover. Although we have had great turnouts in the past, I am looking to make this more of an event than just a car show. I would like to really play up the Octoberfest theme and bring back the raffle/gift baskets that we've done in the past and am looking for suggestions. I don't have to tell most of you that running a show takes a lot of us pitching in. While there will be signup sheets at the meetings, I am looking for committee chairs and "trainees", so we can have experienced people ready for the next show. Keep in mind that our car shows account for about 90% of the club's revenue.

We are coming into a stretch where we will have an event/activity every weekend starting this Saturday. While I hope you all could attend every one of them, maybe you could at least attend one. The best part is that they're all free. We are also trying to line up a Fall Cruise/Tour for the last weekend in September. All that leads up to our show on October 2nd.

Aug. 20 – Sterling Mine Tour. Bill H. set up this FREE tour and cruise. It looks to be very interesting.

Aug. 28 – Bill M. is chairing our annual club picnic at our usual Picatinny Arsenal location. See flyer in this issue.

Sept. 2-5 – The Semmlers are running a weekend tour to the Halderman Museum in Ohio. We don't do a lot of weekend tours so this should be fun.

Sept. 11 – All-Ford Cars & Coffee. This is a popular annual event run by our friend Dave W. in Millstone, NJ.

Oct. 2 – Autoberfest 2022. Enough said.

See you at the meeting,

Mike D., #001

FALL CAR SHOW

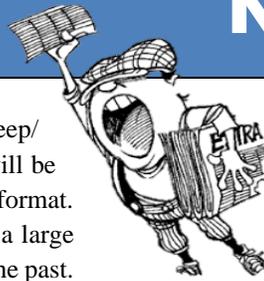

CLUB NEWS

Our Autoberfest car show is on Sunday, Oct. 2nd

(rain date–10/9) at Nielsen Dodge/Chrysler/Jeep/Ram in E. Hanover. It will run from 9 am–2 pm and will be an All Make/Model/Year show following a favorite 40 format. This dealership gives us a high-visibility location with a large parking lot. This show has drawn over 300 vehicles in the past. We are proud to have the Sisters2Sisters and the Birick City dog rescue as our designated Charities, so we are hoping to raise a lot of money for them.

The most important thing you can do is spread the word and pass out flyers. Flyers will be available at the meeting, or you can contact the show chairman, Mike DeLiberto at 201-421-0871 or 8550mustang@gmail.com.

The day of the show we will need volunteers for registration, parking, 50/50, club table, exit guards, trash collection and perhaps some other jobs throughout the day. If you haven't done so already, please sign up at the meeting, or contact Mike. We ask that if you are helping, especially with parking or registration, you arrive by 7:30 am. If you can't be there by 7:30, please note when you will arrive on the sign-up sheet or when you contact Tom.

we will be able to get a tour during this event. Even if you have seen the collection, it is ever changing and now includes a 2022 Ford GT '64

Heritage Prototype Edition.

They are exceptionally get over 300 Fords for this event. Although this event is dominated by Mustangs, you will see Model Ts to Ford GTs and everything in between. This year's event features John Clor from Ford Performance and REVan Evan of YouTube fame. Did I mention that there is no cost to participate.

After the event we will cruise to lunch and maybe another stop along the way. All Fords will be able to park in the show area. You can join us in a non-Ford but you will have to park in the spectator area and risk severe ridicule. This event does not have a rain date.

We will be setting up meeting spots based on where people are coming from. We would like to have one meeting area for rt 287 travelers and one for those in Bergen County taking the NJ TPK. Look for more details at the meeting and in an e-mail as the lunch/additional stops are confirmed.

I will need to have an approximate car count because they will be putting us in a designated area. In case you want to meet us there, the address is Moto Business Park, 400 Rike Dr., Millstone Twp., NJ 08535. **If you plan on attending, please sign up at the meeting or you can contact Mike D. at 201-421-0871 (C) or 8550mustang@gmail.com .**

SHOW REGISTRATION DISCOUNT

One of the perks of being a GSRMC member is that you get to register for any or all of our 2022 shows for only \$5.

This discount only applies to vehicles preregistered by the deadline. **This special rate is not printed on the flyer so it is up to you to register at the \$5 rate and indicate on the form that you are a GSRMC member.** If you are registering online, use the special discount code – **Pretzel**. We also hope that all members attending the show will volunteer while they are there.

ALL-FORD CARS & COFFEE

September 11th is the date for the Cars & Coffee All-Ford Meet in Millstone Township and the GSRMC has once been invited to participate in the event. Perhaps the best part about being involved in this event is that the organizer has told us to just come down and enjoy ourselves.

The organizer of this event, Cars and Coffee New Jersey, held on the last non-holiday Sunday of every month between May and September, is led by the same person whose 1985 & up Mustang collection we have visited several times. If you haven't had a chance to see this impressive display before,

STERLING HILL MINE TOUR

We will be going on a group tour of the Sterling Hill Mine on Saturday, August 20th. Located in Ogdensburg, NJ, you will be guided through about 1300 feet of tunnel inside the mine. The tour is only the first level of the mine, visitors do not go down to any lower levels.

This is a walking tour, so please wear comfortable footwear. The path is relatively flat, well-lit and wheelchair/stroller accessible. The mine is a damp, 56 degrees year-round, so bring a light jacket. The tour is suitable for all ages so feel free to bring the kids and grandchildren.

We will be meeting at 10:00 am at the Rockaway Townsquare Mall in the lot outside of the food court. We will depart from there at 10:15 am to get there around 10:45. The two-hour mine tour will begin at 11:00. After the tour, members will have a half hour to peruse the gift shop before we head to our lunch destination. This event is rain or shine and while you do not need to bring a Mustang, we hope that you will.

At 1:30 pm we will head out for a short drive to Tap House 15 for a late lunch. <https://taphouse15.com/>

The tour is Free but you will be responsible for your own lunch tab.

Contact Bill H. 64Mustang@centurylink.net for more info. <https://www.sterlinghillminingmuseum.org/>

BLUE BABY

This month's cover features Lisa Spring's 2006 Mustang GT of which she is the original owner. The car wears its original Windveil Blue paint with a contrasting Parchment interior, top and rocker panel stripes. The car features a 4.6 L V8 rated at 300 horsepower which is backed by a 5-speed manual transmission.

Lisa test drove a manual Mustang at a local dealer in 2006 and that was the beginning of her Mustang convertible. Her husband Tom said, "we're going to do this right! Let's order everything to make this a pleasure to drive!" and so they did.

Although the odometer shows over 121,000 miles, this fifth generation Pony still get thumbs up and lots of compliments. Lisa's Blue Baby lives a life of leisure now, only venturing out when the weather is just right for top-down cruising.

HALDERMAN MUSEUM TRIP

Labor Day weekend we will be heading out to Tripp, LOH to the Gale Halderman Museum. Gale was instrumental in the development of the first Mustang, and a designer of many other Fords through the years. The museum has invited us to the Barn for a car show and tour! Please bring your Mustangs if you can, as John Clor will be there to do an article on us for Ford Performance! Your car's picture could make the article! We will drive out Saturday September 3. The tour/cruise will be Sunday

September 4, then we can drive back Monday September 5 which is a holiday, as it is Labor Day. We can add a stop on Saturday, if anyone can think of someplace fun along the way!

We will be staying at the Fairfield Inn and Suites Dayton/ Troy, 83 Troy Town Drive, Troy, Ohio 45373. Bookable at Marriott.com or whatever travel site you prefer to use! Book for arriving September 3 check out September 5. Please let me know on Facebook or by email if you want to attend!

AUGUST MEETING

While there will be no extras at the 8/17 meeting, we have a lot of great activities and events to discuss. We will also be having another Meeting Cruise Night & encourage all members attending the meeting to bring their ponies with them. Come out early to see what everybody's driving. Cruising starts at 7:00pm.

29th ANNUAL GSRMC CLUB PICNIC

Location: Lake Denmark at Picatinny Arsenal

Date: August 28, 2022 **Time:** 10am– 4pm

Lake Denmark at Historic Picatinny Arsenal offers enjoyment for the entire family. Set in the beautiful and scenic foothills of Northern New Jersey. Facilities for volleyball, badminton, horseshoes and softball are provided. Just remember to bring your own bats, gloves and balls everything else is provided. There are covered areas with tables, gas grills and plenty of parking overlooking Lake Denmark at historic Picatinny Arsenal, “Home of High Lethality for the American Soldier.”

The club will be providing the hamburgers, hot dogs, potato salad & macaroni salad. Members are asked to bring a side dish or snack and should bring their own drinks and chairs in case it gets crowded. The picnic will be rain or shine and alcoholic beverages are not permitted. Please RSVP with the number of people attending to Bill M. via phone/text at 973.222.6656 or email at williammcombs@hotmail.com by 8/21/22.

Directions:

2. Mt. Hope Ave ends at Mt. Hope Rd. Turn left onto Mt. Hope Rd
3. Go up hill. You will pass the Tilcon Quarry on right.
4. At the Picatinny Arsenal gate, (DO NOT TRY TO GO THROUGH GATE): Turn right onto Denmark Rd
5. Stay on Denmark Rd until you get to the picnic area, on your left.

2022 GSRMC CLUB PHOTO

Our annual club photo will be taken at the club picnic on August 28th. Usually, the photo is taken between 1 -1:30 pm. All members are encouraged to bring their Mustang to the picnic for the photo. Those who participate will be given a commemorative copy of the photo. The photo will also be used on the club website and for various club advertising and promotional purposes so we really would like to have a good showing of all years and models of cars in the club. **ALL participants must be at the picnic area by Noon.**

CARS, COFFEE, CRUISE & GRATITUDE

GSRMC members met Saturday morning, 7/23, at the Dunkin Donuts in Morris Plains. Besides the coffee & donuts, the get together on this hot & sunny day was so we could cruise over to Performance Ford in East Hanover. Thirteen members in ten Mustangs and a Gen 1 Bronco had gathered for the short trip to the dealer.

When we arrived, Nick Abbuzzese and his staff had saved the spots in front of the dealership so we could park together. We presented Nick with two framed collages that were prepared by Bill & Joanne Chernack. They commemorated our 2022 National Mustang Day celebration, of which Performance Ford was a big part of.

Thanks to all who participated in the presentation as well as the Chernacks for their great work.

CAGED

The latest Mustang build from Ringbrothers' stable.

Ringbrothers, the Spring Green, Wisconsin custom-car builder, has unveiled its latest creation—a bespoke 1964.5 Ford Mustang convertible known as “Caged.” The design objective was to evolve and modernize the original Mustang’s lines while honoring the aesthetic of Ford’s original pony car. The result, the Ring brothers say, is an icon of the 20th century with the technology of the 21st.

Born from an original, 1964.5 Mustang convertible, nearly every component is a Ringbrothers-

built one-off; the only factory Mustang parts are the center caps for the wheels. The Ringbrothers team did extensive metalwork converting the Roadster Shop Fast Track chassis back into a unibody, as well as widening and lengthening the bodywork by one inch. The BASF Glasurit “Burgundy Brave” finish was then applied.

“The client was highly involved in the process and adamant on maintaining a subtle, stock-like appearance,” says Ringbrothers co-owner Mike Ring. “Everything was cued off the Mustang’s original design, but we sharpened the lines and added a number of 3D-printed details to make it truly unique.”

“Every piece of this car has been touched and updated with the original design cues in mind, down to

the iconic Mustang taillight bezels, gas cap, and running horse emblems,” says Ringbrothers co-founder Jim Ring. “There’s a lot of nuances that went into the design, and we’re proud of that aspect of the build. Only the expert eye will be able to discern the subtlety of the differences.”

The new front grille is set back two inches and feeds air into a Ford Performance 5.0-liter Coyote V-8, mated to a Ford 10-speed automatic transmission. The suspension uses Penske Racing Shocks coilovers front and rear, an independent rear suspension, and a set of Baer Brakes for stopping power.

“In all, more than 4200 hours were invested in bringing ‘Caged’ to life,” says Jim Ring.

We’d be happy with just one behind the wheel.
